TROJAN BETA-Z WOOD SEALER™ #60-65

PRODUCT DESCRIPTION	A unique water-based polyester and acrylic formula manufactured for the effective and safe treatment for the preservation of all wood surfaces. This sealer is intended to be used before the application of paint or other top coats. This sealer effectively holds finish coats of paint on the surface thereby requiring less material.			
TYPICAL USES	For industrial, commercial, and residential use. TROJAN BETA-Z WOOD SEALER™ is a one of a kind product for general contractors, waterproofing contractors, paper mills, lumber yards, government agencies and homes.			
PRODUCT ADVANTAGES	TROJAN BETA-Z WOOD SEALER™ is the most effective wood sealer on the market for waterproofing, fire and smoke treatment, deterring bugs and rot in all types of wood. Non-flammable & non-caustic Non-toxic, will not harm aquatic life.			
COLOR	Translucent/milky
