

Easy Brick Cleaner

A unique formulation that cleans and restores brick surfaces. Can also use on stucco, block, brick and brick pavers, especially red or dark colored brick.

January 2011

Physical Constants

Specific Gravity: (H₂O=1) 1.2 @ 24° C.

Solubility in Water: Soluble

Evaporation Rate: Same as water

pH: 1.0 (Corrosive)

Viscosity: More than water

Method of Application: Sprayer & pressure washer

COVERAGE RATE:

250-300 sq. ft. / gallon

CONTAINER SIZES:

1-Gallon Bottles

5-Gallon Pails

55-Gallon Drums

PRODUCT ADVANTAGES

Easy Brick Cleaner is: Economical * Fast

*** Non-Flammable * Non-Toxic ***

*** Easy Clean-up * Biodegradable ***

*** Water Soluble**

TYPICAL USES

For industrial, commercial and residential use on brick sidewalks, driveways, parking decks, floors, ramps, brick pavers, walls, and cinder block.

For exterior use only.

Easy Brick Cleaner

Application Instructions

ALWAYS TEST ON SURFACES PRIOR TO APPLICATION!

Limitations: Apply in good weather when air and surface temperature are above 45°F. and surface temperature is at least 5°F. above the Dew Point. For optimum application properties, materials should be between 70-90°F. prior to application. Maintain unused material in closed containers in protected storage at 40-90°F **out of direct sunlight**. *This product is considered Corrosive.*

SURFACE PREPARATION: Always test before application

1. Water all surrounding grass and shrubs well before starting application of **Easy Brick Cleaner**. Clean all oil and grease off surface using **EnviroClean Degreaser**. Rinse well. While still damp, apply **Easy Brick Cleaner** with a plastic garden pump sprayer.
2. Allow 3-5 minutes for **Easy Brick Cleaner** to deep clean the pores of the surface depending on the

extent of the soiling and the **durability of the surface (This is why Testing is important)**

3. Agitate surface using a stiff nylon brush, broom or rotating concrete scrubber and a 3000 psi pressure washer.
4. Power wash away all dirt and remaining **Easy Brick Cleaner** and rinse well.
5. Repeat on any stubborn stains scrubbing with a stiff nylon bristle brush. Pressure wash with minimum 3000 psi. Manufacturer recommends OSHA Compliance chemical gloves, eye protection and rubber boots.
Rinse everything with plenty of water. Rinse equipment immediately after use.
6. Apply **Trojan Masonry Sealer** to seal surface and to keep future stains from penetrating.
7. Clean-up: Clean all equipment with **EnviroClean Degreaser** and water to neutralize

Safety: Safe storage, handling and use dictate that adequate health and safety precautions be observed with this product. User is specifically directed to consult the current Material safety Data Sheet for this product as well as precautions contained on product labeling. **This product is considered Corrosive.**
