NuLook Concrete Cleaner

Application Instructions

Limitations: Apply in good weather when air and surface temperature are above 45°F. and surface temperature is at least 5°F. above the Dew Point. For optimum application properties, materials should be between 70-90°F. prior to application. Maintain unused material in closed containers in protected storage at 40-90°F **out of direct sunlight . This product will whiten concrete. If this is NOT desired, use either Rust & Stain Remover or Easy Brick Cleaner.** *This product is considered Corrosive.*

SURFACE PREPARATION:

1. Water all surrounding grass and shrubs well before starting application of **NuLook Concrete Cleaner**. Clean all oil and grease off surface using **EnviroClean Degreaser**. Apply **NuLook Concrete Cleaner** with a plastic garden pump sprayer.
2. **Allow 3-5 minutes** for **NuLook Concrete Cleaner** to deep clean the pores of the concrete depending on the extent of the soiling and the durability of the surface (This is why Testing is important)

3. Agitate concrete surface using a stiff nylon brush, broom or rotating concrete scrubber and a 3000 psi pressure washer.
4. Power wash away all dirt and remaining **NuLook** and rinse well. If rust stains are present, apply **Rust Stain Remover** according to the instructions. Pressure wash off and re-apply **NuLook Concrete Cleaner** to achieve the whitening.
5. Scrub any stains with a stiff nylon bristle brush. Pressure wash with minimum 3000 psi We recommend OSHA Compliance chemical gloves, eye protection and rubber boots.
6. Rinse everything with plenty of water. Rinse equipment immediately after use.
7. Apply **Trojan Masonry Sealer** to seal surface and to keep future stains from penetrating.
8. Clean-up: Clean all equipment with **EnviroClean Degreaser** and water

Safety: Safe storage, handling and use

dictate that adequate health and safety precautions be observed with this product. User is specifically directed to consult the current Material safety Data Sheet for this product as well as precautions contained on product labeling. **This product is considered Corrosive.**
