Toll Free: (866) 874-8070

### **3. PRODUCT DESCRIPTION:**

**RED CLAY STAIN REMOVER** is a unique formulation that removes red clay stains and other stains from concrete, brick, exposed aggregate, stucco, block, stone and pavers.

### **4. PRODUCT USES:**

For industrial, commercial and residential use on sidewalks, driveways, patios, pool decks, walls and ramps. This product is of special value for areas of the country where red clay is a problem.

### **5. JOB LIMITATIONS:**

Apply in good weather when air and surface temperatures are above 45 degrees F. and surface temperature is at least 5 degrees F above the Dew Point. For optimum application properties, materials should be between 70-90 degrees F. prior to application. Maintain unused material in closed containers in protected storage at 40-90 degrees F.

**DO NOT STORE IN STRONG SUNLIGHT. Always TEST a small area first to determine how long you may leave the product on the surface. *For Exterior use only.* This product is corrosive.**

### **6. SURFACE PREPARATION AND APPLICATION INSTRUCTIONS:**

**NOTE: USE GLOVES AND GOGGLES TO KEEP FROM GETTING INTO EYES.**

1. If oil or grease is present, wash surface with **ENVIRO-CLEAN CLEANER/DEGREASER**.
2. Rinse with water. **Water all grass and shrubs near area well.**
3. Spray on **RED CLAY STAIN REMOVER**. Let stand for approximately 3-5 minutes.
4. Scrub any stubborn stains with stiff brush. Power-wash off and rinse well with water.
5. Seal surface with **Trojan Masonry Sealer** to protect the surface for the future.

### **7. TECHNICAL DATA:**
