Envirosafe pH Reducer

1. PRODUCT: ENVIROSAFE pH REDUCER

2. MANUFACTURING AND DISTRIBUTOR:

ENVIROSAFE MANUFACTURING®/ECO-WARES, INC.

7634-B Progress Circle

Melbourne, FL 32904

Toll Free: (866) 874-8070

3. PRODUCT DESCRIPTION:

Envirosafe pH Reducer is a liquid wash for reducing the high pH of new concrete or where a high pH cleaner has been used.

4. PRODUCT USES:

For industrial, commercial and residential use to neutralize high pH cleaners or to neutralize new concrete.

5. JOB LIMITATIONS:

Above freezing temperatures

6. APPLICATION INSTRUCTIONS:

Always take a pH reading before using this product using litmus strips. Spray or pour and broom or mop **pH Reducer** onto surface to be neutralized. Allow to sit for a several minutes and rinse off thoroughly. Take another pH reading to establish the drop in pH. Apply a second application if needed. Rinse thoroughly. If using **Algae Mildew Cleaner** on a roof, neutralize the area of soil where the rinse water runs off into with **Envirosafe pH Reducer** and flush well with clear water.
